

Disabilities - Physical or Mental

Qualified individuals with disabilities have the same opportunity and obligation to serve as jurors as individuals without disabilities. If you have a disability that would affect, but not prevent you from serving as a juror, please provide remarks when completing the questionnaires.

In order to be excused for a physical or mental disability you must complete the [questionnaires](#) and provide the jury office with a medical excuse from your doctor. When providing or having your doctor fax an excuse, **please make sure that your name and nine (9) digit juror participant number are noted.**

NOTE: You are qualified to serve until a medical excuse has been received by the jury office.

The court may also offer you a one-time postponement of your jury service. The court's [postponement policy](#) applies.
